1	Bridle ways what happened to them? 30 mile signs at top of village A64 end. No one takes any notice of it always illuminates when cars speed through sign. Total waste of money !!! Why not have some speed camera signs put up on the posts by the illuminated signs perhaps this will slow traffic coming into the village or perhaps we wait until someone has a terrible accident or even worse gets killed. I'm sorry for going on but I feel so strongly that people do not go slow on the roads. Take them away from our village stop using as a cut through to A1M	6/26/2015 2:03 PM
2	Health Facilities) We have reduced from 3 GP practices to 1 while population has increased. The latest one to close did so because their Grade II listed building did not comply with CQC standards. The remaining practice is also Grade II listed and has tide marks on the walls showing the depth of flooding. What would CQC say about that? It's time for a new GP practice in the village. School) For far too long the school has survived with portakabin classrooms on part of its playing area. There is no sign of the pupil numbers decreasing. Permanent enlargement is needed. Take over the chapel?	6/24/2015 2:18 PM
3	Question 11 (CIL priorities) Improvements to Public Rights of Way - land owners have an obligation to this anyway. Highways network improvements - I believe the parish needs to look at electric and plug-in vehicles. All manufacturers are being forced down this route under emissions laws, and even with hydrogen vehicles, it is likely these will be plug-in too due to the cost of sourcing transporting and storing hydrogen. I believe we need to look at how this is managed now and in the future. Young peoples facilities/health facilities/local shops - should not be down to the parish to provide. You cannot manufacture demand.	6/21/2015 5:40 PM
4	Thank you for this plan and all the effort that goes in to it. It's appreciated. Not sure if this can be included in plan but, it would seem that a large part of village life is about community and community events. Would there be scope for bringing together a group of individuals who are purely involved in providing village events / fund raising (for village hall etc). The school PTA has done a lot in the past - Gala, quiz night, ceilidh etc but support is waning and it would be a shame to lose the village feel.	6/20/2015 4:12 PM
5	Something must be done about street parking around bridge area.	6/20/2015 4:09 PM
6	It is very sad to see the village shop being run down as it is now. It is such a useful village amenity. Enough closures have been experienced now we have lost two of the three pubs. It feels as though the village is dying	6/20/2015 4:08 PM
7	Elderly residents have nowhere to meet. At one time they could meet in one of the public houses. The men could do with somewhere as do the women. After recently being turned out of the Arabian Horse, elderly have nowhere to go. This is a disgrace as these people are Aberford people, some born here. Parlington House has been offered to one or two groups for a while we are very grateful but the village hall should be the main place very much for the use of children, elderly, meetings, concerts, parties etc. This building is the centre of the village and accessible to everyone	6/20/2015 3:09 PM
