Our ref IRN 16502

18 January 2018

Dear Sir/Madam

### **A64 Bramham to Askham Bar Central Reserve Barrier Renewal – Road Works**

As Highways England's contractor in Yorkshire and North Lincolnshire, we would like to inform you of roadworks that will be commencing shortly on the A64 between the A1(M) Bramham and Askham Bar junctions.

Work is expected to start on 22nd January 2018 and is expected to take 5 months. Work to be undertaken on Monday to Friday nights, between 20.00 and 06.00. At all times a 40mph speed limit will be in operation for the safety of road users.

Work will be carried out in a series of phases as follows:

- Phase 1: Advanced works including speed camera installation – with full carriageway closures.
- Phase 2: A1(M) to Headley Bar – work undertaken using lane closures
- Phase 3: Headley Bar to Tadcaster Bar – full carriageway closures
- Phase 4: Tadcaster Bar to Askham Bar – work undertaken using lane closures
- Phase 5: Reinstatement works after main construction – full carriageway closures.

Every effort has been made to ensure disruption to traffic and residents is kept to a minimum, but there will inevitably be some noise and disruption generated by these works, and for that we apologise in advance. Where excessively noisy operations are unavoidable we will endeavour to complete these before 11 pm.

Our road workers frequently work in situations which are both unpleasant and dangerous and we would kindly ask that you treat them with the respect you would wish to be treated with while they are working in your area. If you do have a problem with the work, or would like to discuss any aspect of this scheme, or require any further information please in the first instance contact Highways England via their information line 0300 123 5000 or email [info@highwaysengland.co.uk](mailto:info@highwaysengland.co.uk).

Yours faithfully

Karen Gaunt  
Customer and Stakeholder Relations Manager
