

A New Master Plan for Aberford - Community Consultation Event, 20th November 2010 at Aberford School

Aberford Parish Council is about to embark on the preparation of a new village plan (the Master Plan), aimed at putting in place a programme of improvements covering all aspects of village life over the next 5-10 years.

The new plan will be building on what has been achieved through the original 2003 Parish Plan. A lot has been achieved since then; better roads, new gateway signs, extensive environmental improvements, a new play area, better communications, better youth facilities, better community policing---

---but much more needs to be done. It is felt now is the time to take stock of some exciting new opportunities that are emerging, and also some new challenges, and to refresh the original plan. With this in mind, a launch event is being held at the School on Saturday 20th November, from 10-3pm. The aims of the event are to:

- Get your views on what the priorities should be for the next 5-10 years for improving Aberford.
- Find out what projects you think would most improve the quality of life in the village.

You can drop in at any time to tell us about your ideas, views and opinions. Our local MP, Alec Shelbrooke, will be there, along with city and parish councillors and others able to listen to your ideas about how Aberford should develop.
