

Community Youth Summit 2021 Frequently Asked Questions

How about the online survey?

We have created a short and simple online survey that children and young people from your school can complete at home with their parents and carers. We have included a promotional flyer and it would be great if this information could be included in your school newsletter or parent mail.

Who is this for?

This is for primary and secondary students to enable them to influence how Youth Activity Funding is spent in their local area. An online form has been provided for them to complete and return.

1. Completing a short survey: <https://tinyurl.com/y58k6snu>
2. Designing your own activity: <https://tinyurl.com/y2gazhru>

The online survey will be promoted on the Outer North East Community Committee Facebook page.
