

Good morning

Children & Young People Outer North East Youth Activity Fund Survey

Children & Young People - have your say!!

On behalf of the local councillors from the Outer North East Community Committee please see link below which will take you to the online Youth Activity survey.

The survey will enable all children and young people living in the Outer North East area to influence how Youth Activity Funding is allocated in your area, we hope to engage with as many children and young people as possible.

Therefore, we would be grateful if you could share the below link and ask your children and young people to complete the survey in order to have their views heard.

The survey will be available until 30 April 2021, after that date, the information will be collated to recognise the top 5 priorities which will then be shared with your local councillors, this will influence how they allocate their Youth Activity Funding budget for 2021/22.

Completing a short survey: <https://tinyurl.com/y58k6snu>

Designing your own activity: <https://tinyurl.com/y2gazhru>

Thank you

Preet
